

Agile Roles

Leader

Always

- See the bigger picture
- Get right people on the bus
- Maintain a challenging goal
- Manage expectations
- Organised for action
- Maintain attention to results (& have backing making promises)
- Visualise priorities
- Keep clear roles

Long term

- Grow people
- Know weaknesses
- Create feedback loops
- Leverage cultural strenghts

Product Owner

- Prioritise what team is doing
- Has value accountability
- Availiable for questions
- Knows & can explain what makes customers excited

Scrum master

- Puts team first
- Verifies team's progress towards definition of done
- Deals with impediments
- Helps solve cross team problems
- Sprint organiser
